

## **Assignment 2**

Analyze, discuss, and compare TCP, TFRC, TCP NewReno and SCTP focusing on these points:

- 1- Operating method.
- 2- Features and Limitations.
- 3- Advantages and disadvantages.
- 4- Congestion control mechanism.
- 5- Fairness.

### **Notes:**

- Prepare your report within 3-5 pages.
- Very low Similarity ratio such as (0%, 1%, 2%) will be considered as bluffing the Turnitin System.

All the best.
